A DESIGN-FORWARD BOUTIQUE EVENT RENTAL HOUSE

## WHO WE ARE

Party at the Moontower is a boutique event rental house specializing in modern-eclectic furniture and decor. We are a friendly, design-loving bunch, here to help make YOUR events shine. From chic to casual, our distinctive Austin style will tell your story and infuse soul into any gathering.

## OUR STORY

Party at the Moontower's beginnings are a classic tale of two friends who, while searching for event furnishings for one of their weddings, saw a hole in the market for more contemporary, design-forward rentals. So, as true lovers of cool furniture (and partying), they set out to create an event rental house that captures the Austin vibe—modern but with warmth and plenty of personality!

Our guiding philosophy is to buy or custom build pieces that are artful and well designed—items you would want to see in your own home—but that are also useful in the context of events.

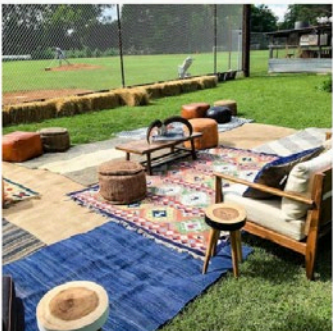

From weddings and holiday parties, festivals and conference stage sets, if it involves making a space look more intimate and welcoming we're all over it.
